MASTER WHOLESALER

What is Wholesaling?

It's a combination strategy that utilizes the best of the wholesaling strategy and the retailing strategy. You will learn how to make extreme profits finding 'almost salable' properties, buying them at steep discounts, slapping some lipstick on them and selling them on the retail market. Sounds great, right? Well, read on...

Learn:

- ★ How to locate the most appealing properties
- ★ Techniques to partner with existing homeowners struggling to sell their home
- ★ The best way to contract with the seller for win-win situations sellers cannot resist!
- ★ The absolute necessities to make a otherwise 'drab property' retail ready
- ★ How much to spend, how long to market
- ★ Onsite, hands-on experience at a property
- ★ What happens when you encounter unplanned setbacks, and how to quickly and profitably recover
- ★ Where to find buyers

- ★ Working with real estate agents
- ★ Staging the property and slapping on some last minute 'lipstick.'

Friends and Family Funding

As a Master Wholesaling Specialist you have access to a cutting-edge network of like minded investors who are eager not only to lend a hand with your wholesaling questions, but also provide an endless source of 'micro loans.'

Micro loans are those \$1,000 to \$10,000 quick, short-term loans that allow you to slap the lipstick needed on those wholesaler property prospects in order to put them in a condition where the sale will generate tens of thousands of dollars more in profit than an 'as-is' sale would.

Acquiring + Quick & Inexpensive Rehab + Staging = Quick Profits
